**RECOMMENDED:** We ALWAYS recommend a 30-minute solo but understand time and financial constraints. If the dancer is participating in a 15-minute solo they are required to get the studio early and stretch on their own. Also note, 15-minute solos are not as much for learning skills and working on technique as they are for working on and perfecting a competition/recital routine. If competing, dancers MUST take solo, duet, trio both session I and session II.

Solo, Duet and Trios are available on a first come, first serve basis. Registration for these will open in late summer (date and time is TBD yet). These fees are NOT included in unlimited tuition fees or any discounts. Solo, duet and trios can be performed competitively or recreationally. NOTE: Costume and costume fees are separate from these fees.
